Jln. Pulau Yoni Gg Purataman No.5 , Denpasar Selatan.

Web Developer

Student of the Stikom Bali Institute of Technology and Business majoring in Information Technology. I'm a junior web developer focused on web design & backend developer using PHP for frameworks like Laravel to display data from databases and even APIs and implement payment gateway on website. Currently I am developing my skill in the field of frontend developer such as studying deeper fundamentals and also learning to use a frontend framework.
